

# Partnership arrangements as strategic action for inclusive development; Practice and outcome

Annemarie van Paassen

Wageningen University/University of Ghana, Solidaridad, CORAF, SNV

## To study different partnerships in different types of value chains

- (1) Under what conditions and how can strategic actors be mobilized to become involved in partnerships for inclusive development in Sub-Saharan Africa's agricultural sector?
- And what partnership structure and performance lead to what type of institutional change in the sectors' (2) innovation governance and (3) value chain relationships and institutions at smallholder level.

# Research and knowledge sharing methodology
